

I. Basque Tournament of Atari 2019 and the beginning of the International Ranking of Atari

The 13 of september, Friday, we met in Barakaldo (Basque Country) five players to play the first edition of the Basque Tournament of Atari. We are a small group of players that we love retro games and retro consoles like Atari or Megadrive. We have atari flashback and we play the tournament with this console. However, my goal is to buy the old versión, atari 2600, in the future.

We played to 9 games: *Armor Ambush*, *Bowling*, *Space Invaders*, *Basketball*, *Fatal Run*, *Outlaw*, *Frogger*, *Air Sea Battle*, *Missile Command*.

After this tournament we will start with a new ranking called: International Ranking of Atari Games. Any fan of atari console is invited to organize local tournaments to increase the number of players of this leaderboard.

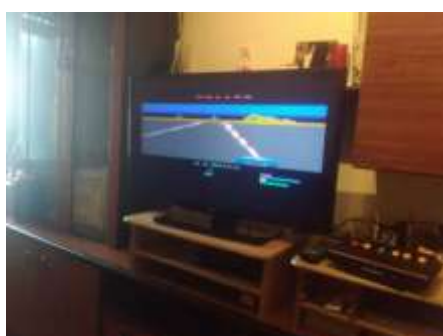

Armor Ambush

As soon as we arrived at Jon's house and switch on the atari Jon and Thomas played 3 matches of Armor. Finally, Thomas's army destroyed Jon's tank.

Thomas and Jon enjoying with the tank battle

Fatal Run

Then we played to Fatal Run. We drove the car all the time we could until the car crashed. Nice game and good graphics.

Outlaw

Then we travel to the past to the old west and see who the best gunman was. Jon was the fastest shooter.

Basketball

Then Basketball in 80`s. Egoitz was the best playing hitting the ball.

Frogger

Hector enjoying with frogger, the famous frog who jumped and crossed motorways.

Air Sea Battle

We have to destroy the planes that try to attack us!

After playing some matches the players got their diploma. In 2020, in april we will try to gather again to play to Atari.

Our idea is to organize two or three tournaments during the year in Bilbao (Basque Country) and add these results to the International ranking that it will be posted in www.atari.org.pl. Thanks really to atari.area guys for for making this project a reality!
