II. Basque Tournament of Atari

The previous weekend, on february 20 and 21, the Euskal Retro association or group organized the II. Basque Tournament of Atari System, II. Basque Tournament of Atari 2600 and the I. Basque Tournament of Atary Lynx.

The 7 participants had a great time playing the classics we chose: on the Atari 2600; Breakout, Missile Command, Basketball, Outlaw, RC Soccer and Frogger. In the Atari Lynx, on the other hand, the 6 also participants played Checkered Flag, Rygar and Scrapyard.

From the beginning we played both tournaments alternating. While one or two players were playing the Atari 2600, another player was playing the Atari Lynx. Of course, we kept an order, that is, we played game after game in order while the results were recorded.

It was a very fun afternoon and one of the players who was playing an atari for the first time loved it (Adrian) and told us that he will repeat. Egoitz was the best in both the Atari 2600 and Atari Lynx tournaments, although with a very tight final result. If the pandemic allows it, in august we will organize another tournament, called the Atari 2600 Bilbao Tournament and Atar Lynx and by then we hope to encourage more players and have bought another atari lynx to be able to play more games simultaneously. Here you have the results (score into parenthesis).

Basketball

A game that is always in our tournaments, we took both controls and tried to get as many baskets as we could. A very interesting game.

Again this magnificent game that takes us to the Old West.
