

XI. Basque Tournament of Atari 2600 2026

The 28th of february the Euskal Retro Association organized the XI. Basque Tournament of Atari 2600. We gathered in “Bar Almirante” in San Inacio, Bilbao (Basque Country). Good atmosphere. We passed a great afternoon playing retroconsoles

After playing Amstrad CPC 464, Spectrum +3 and Trs-80, we putt he best console; the Atari 2660 . However, this time again we played in the Atari flasck because the original machine broke.

We played 4 games: Basketball, Frogger, River Raid and Outlaw. The tournament was exciting. Egoitz was the winner but the rest of players played well, specially Daniel Barrientos and Joseba Zubiaurre. We met 10 players; Maximo Kulachenok, Joseba Zubiaurre, Egoitz Campo, Carlos Guiracocha, Galder Etxebarria, Lander Campo, Daniel Barrientos, Jon Ander Gil, Samuel Otero and Arrate Elorrieta

We started the tournament with **Basketball**, a classic game in our tournaments. We played several random games. The best player was Joseba because he won his match by a larger margin than the rest. Then we played another classic, **Frogger**. Here, the players have to guide the famous frog to the gates, crossing the river. Egoitz got the highest score, but Carlos almost beat him.

Afterwards, we played **River Raid**, another great game. Here again, Egoitz managed to advance across more bridges than the rest and destroy more enemy planes and helicopters.

To finish the tournament, we played another classic in our Atari tournaments, **Outlaw**. We paired up and each played a game. Egoitz won by a larger margin than his opponent.

Finally, Egoitz scored the most points in the tournament, winning this 11th Basque Tournament of Atari 2600, but everyone else played very well, and above all, we had a great time. Now, if all goes well, we'll get together again in august to play another Atari tournament.
